
Title: The Springs of Virtue

Author: Bartholomew

The Springs of Virtue

Virtue springs deep within
our essence
Welling up into a flowing
stream
Coursing forth through
actions hence
Reflected in our
intentions seen

Virtue springs from
within our hearts
Spinning forth its
spreading reach
Flowing out to distant
parts
Touching those who're
within its breach

Virtue springs when given
chance
Leaping forth to start to
race
Spinning swirling as if to
dance
Giving warmth with its
blind embrace

Virtue springs so
eternally new
Spouting from source
both old and young
Given fresh hope from all
or few
So let us sing of
Virtue's song

Prevail Through Our
Virtue

Leader: When discord and
evil is upon our gates.
Cong: Let us prevail
through our Virtue

Leader: When chaos and
mayhem is threatening

ruin

Cong: Let us prevail
through our Virtue

Leader: When temptation
drags us from Virtue's
path

Cong: Let us prevail
through our Virtue

Leader: When all seem
lost and we take one last
stand

Cong: Let us prevail
through our Virtue

Leader: When our
struggle becomes a
tortured ordeal

Cong: Let us prevail
through our Virtue

Leader: When we are lost
and feel totally abandoned

Cong: Let us prevail
through our Virtue

Leader: When we come
together to attempt the
impossible

Cong: Let us prevail
through our Virtue

Leader: When our
differences tear at all
we have done

Cong: Let us prevail
through our Virtue

Leader: When the
tempest of trouble
inflicts our lands

Cong: Let us prevail
through our Virtue

Leader: When all is
spinning and our direction
unsure

Cong: Let us prevail
through our Virtue

Leader: When those who
hate Virtue seem poised
to destroy

Cong: Let us prevail
through our Virtue

Leader: When all is calm
and no trouble abounds

Cong: Let us prevail
through our Virtue
